· ·	eeded for any question	n it must be shown below that question. ckets [] at the end of each question or part	question.					
The total num	ber of marks for this p	aper is 56.	For Examiner's Use					

Electronic calculators should be used.

If the degree of accuracy is not specified in the question, and if the answer is

not exact, give the answer to three significant figures. Give answers in

degrees to one decimal place.

For π , use either your calculator value or 3.142.

This document consists of 9 printed pages and 3 blank pages.

	tance from Buenos Aires to Wellington is approximately 10100 kilometres.
	Answer
Factoris	3xy-2x.
	Answer [1]
Its heig	hest mountain in Argentina is Aconcagua. ht is 6960 metres, correct to the nearest twenty metres. own the smallest possible height of Aconcagua.
	<i>Answer</i>
Which	one of the numbers below is not a rational number?
w men v	
	$7 \frac{2}{3} \sqrt{5} -1\frac{1}{2} \sqrt{81}$
	Answer [1]
Solve th	the equation $5x - 7 = 8$.
	Answer x = [2]
A bottle	e of lemonade contains $1\frac{1}{2}$ litres.
A glass	holds $\frac{1}{8}$ litre.
	any glasses can be filled from one bottle of lemonade?

			Answer(c)		[1]		
17	The money they each have is in the ratio						
	Cle	Cleopatra : Dalila : Ebony = 5 : 7 : 8. leopatra has \$15.					
	(a)	Ноч	w many dollars do they have in total?				
			Answer(a)		[2]		
	(b)		ila spends \$12 on a hat. v many dollars does she have left?				
			Answer(b)		[1]		

Lorenzo saves money for a motorbike. The marked price of the motorbike is \$900. He pays a deposit of 35% of the marked price.

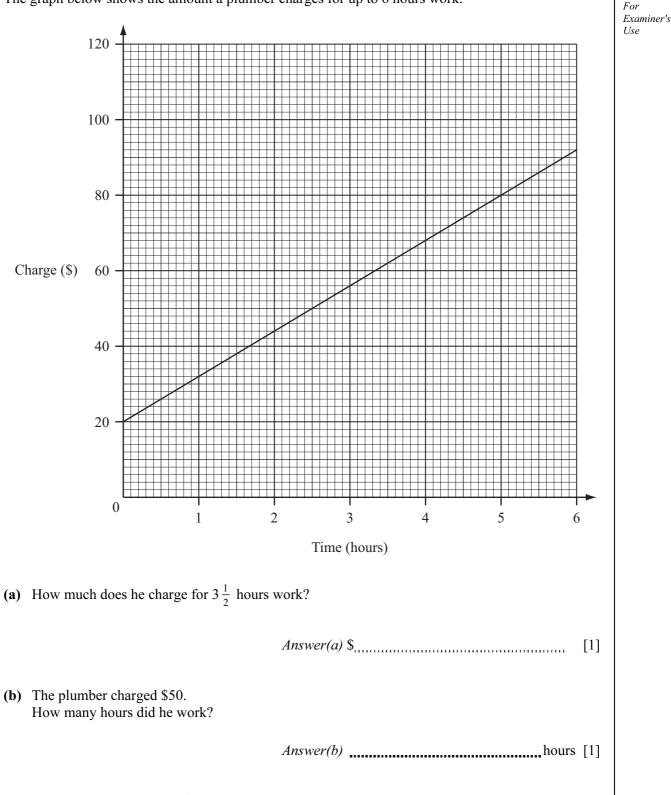

(a) Calculate his deposit.

Answer(a) \$_____[2]

\$900

(b) He then makes 12 monthly payments of \$60 each.How much more than the \$900 marked price does he pay altogether?

Answer(b) \$_____[3]

21 The graph below shows the amount a plumber charges for up to 6 hours work.

- (i) Draw a line on the grid above to show his charges. Start your line at (0,0). [2]
- (ii) Write down the number of hours for which the two plumbers charge the same amount.

Answer(c)(ii) _____hours [1]
