Mathematics Paper 3 (Calculator)	
Achieving a Grade 2	Foundation Tier
Spring 2023 Practice Paper 32 marks 30 minutes	Paper Reference 1MA1/3F
You must have: Ruler graduated in centimetre protractor, pair of compasses, pen, HB pencil, en Tracing paper may be used.	

Instructions

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- Answer all questions.
- Answer the questions in the spaces provided
 there may be more space than you need.
- You must show all your working.
- Diagrams are **NOT** accurately drawn, unless otherwise indicated.
- Calculators may be used.
- If your calculator does not have a π button, take the value of π to be 3.142 unless the question instructs otherwise.

Information

- The total mark for this paper is 32. There are 17 questions.
- This paper assumes students have worked through the "Aiming for Grade 1 papers" and as a result may have already seen a small number of these questions.
- All the questions are placed in ascending order of mean difficulty as found by students achieving Grade 2 in the Summer and November 2022 examinations.
- The marks for **each** question are shown in brackets
 - use this as a guide as to how much time to spend on each question.

Advice

- Read each question carefully before you start to answer it.
- Keep an eye on the time.
- Try to answer every question.
- Check your answers if you have time at the end.

Answer ALL SEVENTEEN questions.

Write your answers in the spaces provided.

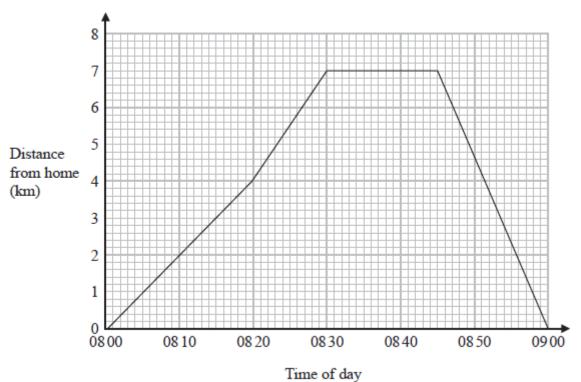

You must write down all the stages in your working.

1 Carly cycles to her friend's house.

She stays at her friend's house for a number of minutes.

Then she cycles home.

Here is the travel graph for her journey.

(a) For how many minutes did Carly stay at her friend's house?

minutes (1)		
	How far is Carly from her home at 08 50?	(<i>b</i>)
